

EPFL Library Link :

a Firefox plug-in to increase collection visibility ?

ELAG'09 Lightning Talk
T. Guignard – EPFL Central Library, Switzerland

How it started...

- Subject librarians make selections according to title availability

How it started...

- Subject librarians make selections according to title availability

How it started...

- Subject librarians make selections according to title availability

How it started...

- Subject librarians make selections according to title availability

home library

campus libraries

network libraries

Information where it's needed

- Exit paper catalogs, subject librarians now use networked tools
 - Provider databases
 - RSS feeds, alerts
 - Amazon recommendations
 - Blog entries, etc.
- Query the OPAC for each title is inefficient
 - Tools like LibX help
 - Cumbersome for large amount of titles

Without the plug-in
